

# FAT-WRAP

## Round Bale Netwrap

### UNIPAK BALENET

### UniPak is proud to present *Fat-Wrap Round Bale Netwrap*.

UniPak *Fat-Wrap Round Bale Netwrap*, is your choice when it comes to a reliable and safe netting for your fodder. With high UV for Australian conditions and a thick robust constructed net, it is the ideal protector for your hay and silage bales.

With an impressive 310 kilograms of force, and 13 grams per lineal metre, it is the heavyweight champion you require.

If you need security in containing, handling and storage, then *Fat-Wrap* it.
